#### SELF DESCRIPTION:

I have been a nurse for nearly 32 years - 16 years as a staff nurse, the remainder as a clinical nurse specialist. My clinical experiences include medical-surgical nursing, rehabilitation nursing and geriatric nursing, and I am certified in rehabilitation (CRRN), gerontological nursing (RN-BC) and as a clinical nurse specialist (CNS-BC). I am particularly interested in rehabilitation nursing, including issues such as access to care and community reintegration for persons with disability. My current research interests concern military personnel returning with injuries from the Iran and Afghanistan wars, and factors that influence success at community reintegration.
